

# FACILITY SOLUTIONS

## You want your facilities to work smarter, not harder - **we can help.**

Ensuring your facilities perform at peak efficiency is our specialty. LONG works with customers to provide a broad range of services to easily maintain their facilities, reduce environmental impact, improve security and lower operating costs.

With our expert team and comprehensive resources, your buildings get the support they need to achieve the best possible performance.

### **SOLUTIONS DESIGNED TO MEET YOUR NEEDS & GOALS**

- Access Control, CCTV & Intrusion
- BAS, Security, HVAC, & Hydronic Part Sales
- Building Automation
- Data Driven Services
- Energy Services
- Network and Systems Integration

LONG products and services are not "one size fits all". We use our freedom as an independent building integration service provider to tailor customized solutions that meet your unique needs.

### **UNMATCHED SERVICE & SUPPORT**

Protecting your facilities and giving you a greater return on your investment is our focus. Here are some of the benefit you can expect as a LONG customer:

- Services delivered on-time and on-budget
- A single point of contact for all of your ongoing and emergent operational needs
- Certified, expert staff
- 24 hour local support, backed by the resources of a major corporation
- Little-to-no business interruption

### **WE DELIVER CONFIDENCE**

Whether your goal is to optimize your existing systems or forge ahead with something new, we are ready to customize your perfect solution now.
