

Oregon Energy Benchmarking Training

Monday, November 16th 2026
10:00 AM - 11:30 AM (Check-in Starts 9:30 AM)

Portland Community College
Willow Creek Opportunity Center
241 SW Edgeway Drive, Hillsboro, OR 97006

Session Overview

Join us for a practical, hands-on training designed to help building owners, property managers, facility staff, and sustainability professionals navigate the energy benchmarking process using ENERGY STAR® Portfolio Manager.

Topics include Building Performance Standard basics, Energy Management Plan and Operations and Maintenance overview, Energy Star Portfolio Manager property setup, utility data management, troubleshooting common errors, Energy Use Intensity (EUI), reporting requirements, and available resources.

Who Should Attend?

Building owners, property managers, facility managers, building engineers, energy and sustainability professionals

Free Attendance • Registration Required • Limited to 30 Participants
